A “cookie” is a small text file stored on your device that helps us recognize repeat visitors, personalize your experience, deliver Services efficiently, monitor how our Services are used, deliver customized advertising, and for other purposes.

Web beacons are also known as “web bugs,” pixel tags, or clear GIFs. There are small, transparent graphic images that are placed on a web page or in an email and used to monitor the activity of the user accessing that web page or email. Web beacons are used for website traffic reporting, measuring advertising effectiveness, customizing users’ online experiences, and for other purposes.

Additionally, we may block your access to content if you are running software that blocks ads and data collection unless you pay a monthly fee to browse our site using ad and data blocking software. We do this because we rely primarily on advertising revenue to deliver our Services.

If you leave our Sites to visit our Advertisers' websites, some of those Advertisers also may place cookies on your computer. We do not have access to those cookies or to any information they contain, and the use and collection of your Personal Information by Advertisers is governed by the Advertiser's Privacy Policy, which may be different from ours.

Protection of your privacy at those other sites or platforms will be governed by the privacy policy at that particular site or platform. CBC and our affiliates have no responsibility for the privacy policies or business practices of a third party we neither own nor control. Please take the time to read the privacy policies at these third party sites or platforms. It is your choice whether or not to leave our Services and go to third party sites or platforms.

Customized Content and Advertising: To opt-out of receiving customized content and/or advertising, please visit the Network Advertising Initiative Consumer Opt-Out Page at <http://optout.networkadvertising.org/> and the Digital Advertising Alliance Consumer Choice Page at <http://optout.aboutads.info>. Please be aware that opting out of a network advertising service does not mean that you will not receive online ads. It only means that the network from which you opted out should no longer deliver ads tailored to your preferences and interests.

Users who no longer wish to receive alerts, notifications, or promotional messages from us via email may choose to unsubscribe at any time. All emails and newsletters also include opt-out instructions, generally at the bottom of each email received. Alerts sent via text message also have an opt-out mechanism.

We may share your Personal Information directly with our Advertisers for their direct marketing and promotional purposes only if you have granted your permission to do so. Depending on the activity, event or feature, you will have an opportunity to either “opt-in” or “opt-out” of such sharing at the time of registration, delivery of the activity, event or feature, or by contacting the Service via [this feedback form](#).

You must use the designated method to notify us of your opt-out request, as we cannot guarantee that other methods of notification will be effective or timely. Please be aware that we may continue to contact you for administrative, transactional or informational purposes related to your use of our Services, including follow-up messages regarding contests you have entered or other transactions you have undertaken. By law, such messages are not considered to be unsolicited commercial messages.

11. Notification of changes to Privacy Policy

We may change this Privacy Policy from time to time.
